Philosophy

Sacred. Modern. Timeless.

The Tapa Co. identity balances ancient source with modern clarity.

IT SHOULD ALWAYS FEEL:

WARM

PREMIUM

CALM

HUMAN

PRECISE

TIMELESS

*Our identity is a reflection of what we stand for —
clarity in purpose, devotion in detail.*

Master Logo Construction

FLAME SYMBOL

Neon Rose outer form with a Tangerine Yellow inner drop. Represents illumination and inner discipline — the literal meaning of tapa.

DEVANAGARI WORDMARK

तप् Set in Tiro Devanagari Hindi. The primary expression of the brand. The mark carries the halant.

LOTUS DIVIDER

Symbol of purity and growth. Separates the source from the descriptor.

DESCRIPTOR

“the tapa company”, set in Fraunces italic. Modern clarity. Always lowercase.

FIXED RELATIONSHIPS

RELATIONSHIP	VALUE	NOTE
Flame height	$\approx 2X$	X = width of the lotus in the divider. All elements are centred on a single vertical axis and remain locked in relation to one another. The relationship between symbol, letterform, lotus divider and descriptor is fixed and must never be altered.
Distance, flame to wordmark	$\approx 0.5X$	
Horizontal divider lines	$\approx 3X$	
Descriptor height	$\approx 0.8X$	
Descriptor gap	$\approx 0.6X$	

The relationship between the symbol, letterform, lotus divider and descriptor is fixed and should never be altered.

Clear Space & Minimum Size

To ensure legibility, balance and consistency across all applications

THE RULE

Maintain a minimum clear space of **1X** on all four sides of the entire logo, where X is the width of the lotus in the divider.

No text, graphic, border, pattern, image edge or page fold may enter this zone. On photography, the clear space must fall on an area of even tone.

Typography System

01
TIRO DEVANAGARI HINDI

Devanagari & Sanskrit display

Used for: the तप् wordmark · Sanskrit and Devanagari terms in guides · scriptural quotes · mantra lines.

Never for: UI chrome or Latin body copy.

02
FRAUNCES 700

H1, display, section titles

Tapa

H1 headings · large display text · section titles · high-impact statements.

03
FRAUNCES 600

H2, subsections

Tapa

H2 headings · subsection titles · important callouts.

04
FRAUNCES 300

Body, captions, UI labels

The Tapa Co. creates products and experiences rooted in ancient wisdom and designed for modern life.

Body copy · captions · UI labels · descriptions · long-form content. Descriptor lockup uses Fraunces 400 italic, lowercase, always.

The system works because of the contrast between the script warmth of Tiro Devanagari Hindi and the measured serif structure of Fraunces.

Iconography System

Our icons reflect the essence of Dharma, Knowledge and Ritual.
They are minimal, meaningful and timeless.

LINE ICONS ONLY · UNIFORM STROKE · ROUNDED EDGES · MINIMAL · TIMELESS

SET	ICONS
SACRED	Deepak · Lotus · Bell · Rudraksha · Conch · Yajna
KNOWLEDGE	Manuscript · Book · Panchang · Question · Dharma Shield · Lekhan
PLACES	Temple · Ganga · Kalash · Sacred Tree
HUMAN	User · Sankalp

RULES

Uniform stroke weight across the set, regardless of icon complexity. Rounded terminals. Single colour — Tangerine Yellow on light surfaces, Temple Brown where contrast requires it. No fills, no gradients, no shadows, no two-tone treatments.

Icons should simplify understanding, never decorate unnecessarily.

Incorrect Usage

The integrity of the logo ensures recognition and builds trust

01 DO NOT STRETCH

Never alter the aspect ratio.

02 DO NOT ROTATE

The logo always remains upright.

03 DO NOT ADD EFFECTS

No shadows, glows or bevels.

04 DO NOT CHANGE COLOURS

Only approved colours are permitted.

05 DO NOT REDUCE OPACITY

Except as the approved watermark at 5–10%.

06 DO NOT CROWD

Respect the 1X clear space.

The logo should never be modified. Consistency builds trust.
